TECHNOLOGIES

climaction fit

Removable anatomic and ergonomic insole. Absorbent and transpiring open-cell foam support. Keeps feet fresh. Specifically-designed thermoforming for exceptional comfort.

Lateral stability

dynamic H control

Ergonomic rigid internal structure. It houses the heel into the right seat, adjusting the foot support and control of the ankle sideways movements. It keeps the foot tight to the shoe, allowing the perfect fit.

Electrical features

Strip with 4 filaments of carbon fiber, ensuring proven anti-static properties of the footwear over time.
